

NATURALLY HIGH  
PERFORMANCE  
INSULATION

**isobio**

**A radical approach to natural  
construction materials at scale  
- delivering significant social,  
environmental and financial benefits**

**isobioproject.com**

**🐦@isobioproject**

**50%**

**reduction in embodied  
energy & CO<sub>2</sub> emissions**

**15%**

**reduction  
in total costs**

**20%**

**better insulation properties  
than conventional materials**

**5%**

**total energy reduction over  
the lifetime of a building**

THE CONSORTIUM

This project has received funding from the European Union's Horizon 2020 research and innovation programme under grant agreement No. 636835.
